FURNITURE HIRE CATALOGUE

In 2013 the new pop up bar culture started to emerge in Perth. Several of our clients around this time approached ELA requesting them to build Pop up activations for their events.

In response to this ELA immediately commenced production on various styles of pop up furniture and began to not only supply the infrastructure but also design, site manage and build the creative space for our clients.

ELA have transformed inner city laneways into opulent gardens, a warehouse on the wharf in Fremantle into a nautical themed pop up bar, the sandy beach on Rottnest Island into a comfortable relaxing chill out area and the grass on Scarborough beach into an award winning Fringe Festival site. No matter what site or theme, ELA will transform the area into whatever oasis our client desires.

Construction

All our furniture is constructed from new pallets and finished with the premium Australian hardwood timber known as Tasmanian oak and then sealed with a marine grade sealant which sets it apart from our competitor's furniture. All of our furniture matches each other and is created depending on its unique purpose.

Pricing

The prices listed on this brochure are a guide for each item only for a one day hire. Depending on the length of the hire and the number of items you choose a discount is given to the overall price. Alternatively contact us with your budget and we can put a package together to suit your needs. In addition to this should you require styling and staff to set up the furniture in your event this can be arranged at an additional cost.
